Ostrogothic Italy remained part of the Roman Empire, yet its ruler overshadowed the seemingly "independent" tribal kings of his time.

Theodoric preserved the Italian prefecture as a Roman state and at the same time strengthened the claim of the Goths to determine the fate and government of the peninsula.

- In 488 Theodoric's treaty with Zeno provided
- ① ODOVACAN, a formerly recognized king who had turned into a tyrant, had to be defeated
 - ② Theodoric was to rule in the Emperor's name until Zeno came to Italy in person

But now Odoacer and Zeno were dead, and Anastasius had other things to worry about than traveling to

Reverend to Plaympton.
